We already addressed the drain and they'll go back because the grate underneath was blocked by a car. The bins are serviced on Monday and Thursday every week.

Thank you, Sarah! Truly appreciate it. I took a site visit to check the area. The storm drain that is filled is in the same location. It is at times covered by cars, just a head's up. Also, thank you so much for the overflowing trash bins. I noticed they were empty on Commerce. Is there anyway they can be checked on weekly basis? Just a thought. We have a lot of constituents that call in for them.

Good afternoon, Sarah,

I hope this email finds you well. A constituent recently called me in regards to a storm drainage located on **9342 Sunland Park Drive**. They shared with me that, especially when it gets windy, they the drainage gets clogged with trash and debris. I wanted to see if we can please work on it?

I have attached an image of the location in discussion. If you have any further questions or inquiries, please, do not hesitate to contact me.

Much Gratitude,  
Delilah Shahbazian
